

TECHNICAL DIFFICULTIES TEAM 4085

Newsletter **Week #4**

Feb 4th, 2023

Fourth Week of our Season!

4085 Media Team

Welcome to Week 4 of the 2023 season! Our team is currently hosting a Krispy Kreme fundraiser! You can purchase donuts online from any participating Krispy Kreme using [this link](#).

We had an eventful week! Our team concluded drive team practice, and also did our drive team testing. Our team finished recording the FIRST Impact video, which students and our marketing mentors enjoyed recording!

Marketing Team

The **outreach** sub-team started our Herbert Mills Robotics Club! They had their first meeting this past Wednesday. We had over 80 students show up for our first meeting! The outreach subteam has also been working on our outreach binder for competition, which is now almost finished!

The **business** sub-team spent the Saturday meeting filming the FIRST Impact video! They are now starting to edit it. They also set up fundraisers, such as our Krispy Kreme one that is lasting until March 3rd.

The **media** sub-team has been working on our social media posts and spreading word of our fundraiser.

Build Team

The **mechanical** sub-team finalized what they were working on last week, including the limit switches and the holders for the arms. They are now touching them up and making sure that they work at their best capacity.

The **electrical** sub-team worked on rebuilding a battery mount, along with working on our older robot Fluke. They also helped software with drive testing and practice,

The **fabrication** sub-team completed construction on the charge and deposit station. They are now working on the barrier for the field.

The **software** sub-team handled the drive testing, got swerve drive to adjust itself according to the april tags.

Our **tactical** sub-team has set up drive team practice, which was also concluded again!
